

222 - OIL SOAP

TECHNICAL DATA SHEET | NORDICARE

Wood care

OIL SOAP is a concentrated soap for cleaning and care of finished wood surfaces such as wooden floors, cabinets, tables, chairs, panelling and laminate floors. It is also suitable for selected non-wood surfaces such as ceramic tiles, painted surfaces, linoleum and vinyl flooring. The product helps clean and maintain treated surfaces while leaving a dirt-repellent finish.

Key Benefits

- Cleans and cares for finished wood surfaces and selected hard surfaces.
- Suitable for diluted floor cleaning as well as regular surface maintenance.
- Helps leave treated surface with a clean, dirt-repellent finish.
- Can be used on wooden floors, cabinets, tables, chairs, panelling, laminate floors, ceramic tiles, painted surfaces, linoleum and vinyl flooring.

Application area

For finished or treated wood surfaces and selected washable hard surfaces. Suitable for wooden floors, cabinets, tables, chairs, panelling, laminate floors, ceramic tiles, painted surfaces, linoleum and vinyl flooring. Do not use on unsealed or waxed surfaces, as these may be water sensitive. Always test the diluted solution on a small, inconspicuous area before full application, especially on unknown or delicate surfaces.

Instructions

For floor cleaning, dilute 50 ml OIL SOAP in 5 litres of warm water. For heavy cleaning, use 100 ml in 5 litres of warm water. Apply with a soft cloth or clean mop and remove excess product with a soft, dry cloth.

For other surfaces, wet a cloth in the diluted oil soap and wipe the surface clean. Do not leave excess solution on water-sensitive surfaces.

Conditioning

250 ml (12 units/box)
500 ml (12 units/box)

Document control

Document no.: TDS-222
Product: Oil Soap
Version: 01
Revision date: 20.07.2026
Prepared by: Technical Department

Declaration

Contains: Water, Saponified vegetable oils, 15-30% soap, perfume.

Safety information

Keep out of reach of children.
