

421 - TEXTILE CLEANER

TECHNICAL DATA SHEET | NORDICARE

Textile care

TEXTILE CLEANER is a fabric cleaning product with stain-removing properties. It contains an antistatic detergent to help reduce re-soiling of treated surfaces and helps remove many everyday stains such as red wine, coffee, chocolate, fruit juice, blood, oil and ink from suitable textiles.

Key Benefits

- Helps protect new and newly cleaned textile surfaces.
- Suitable for many different types of fabrics that tolerate moisture.
- Helps maintain the fresh appearance of treated textiles.
- Easy spray-on application in an even layer.
- Ideal as a follow-up treatment after cleaning with NORDICARE Textile Cleaner.

Application area

For textile furniture, upholstery and other suitable fabric surfaces. The product is particularly relevant for new or newly cleaned textiles. Do not use on materials that do not tolerate moisture. Always test on a small, inconspicuous area before full application.

Instructions

Vacuum the surface thoroughly before treatment. If needed, clean the textile with NORDICARE Textile Cleaner and allow it to dry before applying the protector. Spray TEXTILE PROTECTOR evenly onto the surface from approximately 20 cm distance until the textile is lightly moisturized. Allow the textile to dry completely before use. Reapply regularly as needed.

Conditioning

500 ml (12 units/box)

Document control

Document no.: TDS-422
Product: Textile Protector
Version: 01
Revision date: 20.07.2026
Prepared by: Technical Department

Declaration

Contains: 5% non-ionic surfactants, water, bacterial spores and perfume.
